## WORK EXPERIENCE

### Team Member

Iceland – Swansea, Wales

September 2022 – October 2022

(I was forced to leave this position after relocating from my Uni course).

- Unloaded delivery vans following set procedures to remain safe whilst being efficient
- Performed inventories of stock both on the store shelves and in the storeroom. Restocked shelves as necessary
- Operated tills and assisted customers with product enquiries
- Repaired/replaced damaged packaging of products
- Cleaned store front and back stock room

Pavilion Fish & Chips – Adventure Island

June 2020 – February 2021

- Used communication skills to build positive customer relations and provide a friendly face
- Worked hard to learn everything expected of me quickly
- Completed ongoing, closing and shift change tasks in full to promote store efficiency
- Memorised important information to assist customers with orders and questions
- Maintained a clean and tidy area, minimising potential health risks and trip hazards

### 2 Week Work Experience Placement

Ashingdon Heights Kennels

February 2018

- Organised daily exercise schedule for all dogs, including daily walks
- Participated in kennel hygiene and animal grooming on a daily basis
- Assisted in kennel maintenance and repair
- Provided dogs with nutritional intake and ensured daily feeding routine was followed

### THE KING EDMUND SCHOOL

Rochford, Essex

June 2020

- GCSE Mathematics: Grade 5
- GCSE English Literature: Grade 5
- GCSE English Language: Grade 5
- GCSE Media Studies: Grade 4

## INTERESTS

I have a large passion for film making and media production. I studied Media Production & Technology at college for two years where I received a grade with Distinction. Based on my grades and college work, I was offered an unconditional placement at the University of Wales Trinity St. David. Unfortunately, the course was not able to deliver what was promised. I now intend to re-enrol at university next year. Relating to that, I'm also interested in technology, PC's in particular. I built my first computer at 16 but have been researching and learning about them for many years. My other hobby is skateboarding. I've collected (and broken) many boards over the past few years, learned tricks, and done a lot of street skating when travelling to college and back.
